BOARD OF EDUCATION

Seated: Lloyd Clidence, David Hamblin, Otis Spurgeon, and Sam Davis
Standing: Kenneth King, Archie Snodgrass, and Dudley Beard

The task of the American Public School has changed with our social, economic and cultural history. Many basic changes in the structure of society during the past one-half century have had a marked effect on our educational pattern.

The basic foundation of our educational system depends on the untiring efforts of our elementary teaching staff. It is here that the fundamental processes are taught and the proper school attitudes formed. This good elementary program must be followed by a secondary program which provides a general education to all future citizens, a vocational program for those who need their skills soon after graduation, and a satisfactory program for those who desire to further their education in institutions of higher learning.

I look to the future of our community and to our patrons increased awareness of our educational progress.

It was out of this world!

You may have seen thousands of basketball games and you may see thousands more in the years to come, but you can bet your bottom dollar you'll never see a better one than the fantastic shooting match in which the Forest Bobcats shaded the Colfax Hickories, 71-69, in the semifinals of yesterday's 23rd annual Clinton County Tournament at Howard Hall.

FOREST TROPHIES

It is with great pleasure that we present, in this annual, a photograph of the Forest High School trophies. This collection dates back to 1928.

We, the annual staff of 1959, want to take this opportunity to thank and congratulate all of the people who have contributed, in any way, to the collecting of these trophies.
